

Connecting People with Nature
through Science and the Arts

The Green Center's Nature Play Programs: Winter-Spring 2021

"Nature play" programs reconnect children to nature and offer them experiences to explore, discover and interact with the natural environment. Connecting children to nature has beneficial effects on a child's health, development and well being. Sign up your child for one or all of these programs!

I Spy...A Mystery!

Friday, March 05 (ages 4-10)

Follow clues to figure out where to hunt for winter's hidden treasures!

Toad Abode

Friday, March 12 (ages 4-10)

Learn all about frogs and toads while creating a home for them to put in your yard.

Green Thumbs Up

Friday, March 19 (ages 4-10)

It's never too early to discover a green thumb for planting! Explore our greenhouse, learn how plants grow and plant your own seeds.

Spring Break Time!

Friday, March 26 (ages 4-10)

Join our spring break adventure as we "travel" outside and collect souvenirs along the way!

Trail Trekking

Friday, April 02 (ages 4-10)

Hike our forest trail to discover what belongs in the forest and what does not. Use your observation skills to complete the trek!

Nature Mobile

Friday, April 09 (ages 4-10)

Create a nature mobile to take home out of items we investigate outdoors.

Using Your Senses Outdoors

Friday, April 16 (ages 4-10)

Learn how to use your five senses in the outdoors. Taste from our herb garden, too!

EARTH DAY: Speak for the Trees!

Friday, April 23 (ages 4-10)

Find out the importance of trees by reading "The Lorax" by Dr. Seuss and discover the different kinds of trees around the Center.

Insect Safari

Friday, April 30 (ages 4-10)

Students will use investigation tools to go on a "safari" for insects in our outdoor spaces! And will create an insect to take home.
