

Connecting People with Nature  
through Science and the Arts

## The Green Center Student Artwork of Nature

**Artists:** Students 4-18 years old that have participated in our education programming

**Art Exhibit Dates:** October 8, 2013- TBD, 2014

**Opening Reception:** October 8, 2013

Take a tour around our art gallery and explore nature through a child's eye.

Our current exhibit features photography, creative writings and drawings by students who have attended our year-round education programs.

This student artwork exhibit tells the story of **THEIR** connection with nature.
